

Lack of competencies in...

Professional

Personal

The diagram illustrates a person hanging from a horizontal line, symbolizing a lack of competencies. The horizontal line is supported by two vertical lines, one on each side, which are connected to a central point above the person. The person is a simple grey figure with arms raised, holding the horizontal line. Below the horizontal line, there are two columns of horizontal lines for writing, one under 'Professional' and one under 'Personal'.
